

### **Qualifications of Children House classroom teachers**

Our lead teachers hold a bachelor's degree and possess an AMI (Association Montessori International) certificate specializing in early childhood education for ages 3-6 years. This rigorous certification ensures they are well-versed in the Montessori method, equipped with the skills and knowledge to nurture the holistic development of young children. Their academic background, combined with specialized Montessori training, enables them to create a stimulating and supportive learning environment tailored to the unique needs of each child.

### **Notice Regarding Special Education Services for Parentally Placed Private School Students with Disabilities**

Pursuant to Section 1002.421(1)(j), Florida Statutes, The Learning Nest hereby notifies parents and guardians of parentally placed private school students with disabilities that these students do not have an individual entitlement to receive the same special education and related services as students enrolled in public schools under the Individuals with Disabilities Education Act (IDEA), as amended.
